

NOTICE OF PROJECT PLANNING PUBLIC MEETING **AMENDMENT TO THE 2027 SRF PROJECT PLAN**

The **City of Hamtramck (City)** will hold a public meeting to Approve the **2027 Drinking Water State Revolving Fund (DWSRF) Project Plan, for lead service line replacement and water improvements program (Program) for the** purpose of receiving comments from interested persons.

The Meeting will be held during the Hamtramck City Council starting at **7:00 pm** on **Tuesday, April 28, 2026**, at Hamtramck City Hall, Council Chambers, 3401 Evaline St. Hamtramck, MI 48212 during the regular City Council Meeting.

The 2027 program description and details are organized into a comprehensive "Project Plan". If the CWSRF and or DWSRF application is successful, the city will have the ability to employ EGLE's CWSRF and DWSRF low-interest loan program to fund the proposed project; however, utilization of the loan is not mandatory. Project construction proposed in the Project Plan includes the following:

The purpose of the proposed project is for the replacement of Replacement of 723 lead service lines along 22 city blocks, Replacement of water main and 576 lead service lines along 13 city blocks, Lining of two water mains with the replacement of 139 lead service lines, installation of 3 water main loops, to eliminate dead ends on Berres, Dan St. in Veterans Park, and Council St.

Impacts of the proposed program include the following:

- **Improved Public Health:** Reduction in the potential for exposure to lead in drinking water.
- **Customer Disturbance:** Water main installation will require construction work within the streets noted, can be disruptive to water supply system customers water main shutdown maybe necessary to complete the work. Loss of water to homes and businesses can be disruptive.
- **Increased User Rates:** An increase in user rates will be necessary to fund these improvements. Replacement of the lead service lines has been made mandatory by the State; however, by replacing the water main, water service lines and adding new water main loops and spreading out costs amongst all water system customers, the rate increase has been minimized.
- **Noise:** Noise due to construction activities such as construction equipment, machinery, generators, compressors, etc. will be kept to a minimum, as practicable. The work hours will be maintained in accordance with local ordinances

The proposed Drinking Water program total cost is estimated to be **\$29,581,560.00**. The repayment of the DWSRF loan, if approved, will be apportioned to City water customers based on water consumption. The estimated user costs to finance the proposed project have been determined assuming DWSRF financing with a 1.0% interest rate. The apportionment costs are based on an annual average over a 20-year period. The approximate user rate increase necessary to retire the debt incurred from the proposed program is **\$23.49 per month**. This also equates to **\$281.88 per year** for the average user over the life of the loan.

Copies of the project plan detailing the proposed projects are available for inspection at the following location: Office of the City Clerk, 3401 Evaline St, Hamtramck, Michigan starting **Monday, April 13, 2026**.

Written comments received before the public meeting record is closed on **Tuesday, April 28, 2026, at 4 P.M.** will receive responses in the final project planning document. Written comments should be sent to: the City of Hamtramck Clerk's Office located at 3401 Evaline St, Hamtramck, Michigan. **Attn: 2027 SRF Project Plan**
